## Rotes And Ladies Hear Pasco County Judge Hayward

At the annual Ladies' night program held last night in the Woman's Club building, Pahokee Rotarians and Rotary Anns heard an outstanding speaker when Pasco County Judge Jack Hayward of Dade City delivered the feature address of the evening. Cited in 1952 by the Society for Crippled Children and Adults as the outstanding handicapped man in America, Judge Hayward is one of Florida's most able county judges and an interesting speaker.

Born without arms the visiting speaker set an enviable record when he graduated from Stetson University at DeLand and received his law degree from the University of Florida at Gainesville.

Rev. Hal Hunter acted as toastmaster at the evening's entertainment and introduced the guest speaker. John Dulany in his usual inimitable manner filled his place as song leader and Robert Lampi played the piano.

As a gesture from the Rotary members to their Rotary Anns, Miss Stella Sue Barnes sang: "I Love You Truly."

## County Receives Truck & Car Bids

Three bids for the purchase of the old county barn site in Belle Glade were being considered by the county commission this week and action is expected to be taken on final sale at the board's next meeting.

The bids—highest of which was submitted by a representative of the Church of Christ—ranged in price from \$1,505 to \$725. The county voted some time ago to dispose of the property which formerly was used as a location for the county's Glade highway maintenance headquarters. A new county barn has been erected on the Belle Glade-Pahokee highway.

Among other bids received by the board at its meeting Monday were prices from nine auto dealers bidding on three trucks to be purchased by the county and prices submitted by four other dealers on three cars to be purchased by the board for use in the Everglades. The automotive bids were referred to County Engineer J. M. Boyd for study and recommendation.

Other actions by the board this week included:

Receiving a report that working on extension of State Road 7 west from State Road 80 to Military Trail would be completed in about 90 days.

That final right of way procurements for widening and resurfacing State Road 80 between Military Trail and Loxahatchee are needed to make way for completion of the project. Condemnation proceedings were ordered by the board.

Accepted the resignation of Henry Moss, payroll clerk for 17 years in the county engineer's office. Moss, who will be replaced by George Smart, resigned to go into private business.

Authorized the installation of dehumidifying equipment in the county voting machine warehouse to protect the machines from excess humidity.

Jockey Johnny Adams will commute by air this winter between California and Florida to ride the star sophomore, Ace Destroyer, in his Hialeah stake races, including the \$100,000 Flamingo.

The Florida Citrus Exposition officials, are anticipating the largest single day's attendance in the history of the citrus show when it observes "Florida Citrus Mutual Day" on Thursday, February 19.

## Cowart Installs Automatic Boiler At Cleaning Plant

"We have new equipment enough to serve all of our patrons in a first class manner," so said Rep Cowart of the Cowart Laundry and Dry Cleaning concern in Pahokee yesterday. Mr. Cowart was commenting upon installation of a new 35 horse power automatic steam boiler, which was put into service during the past few days.

For 14 years the Cowart's service has been available in the Pahokee-Canal Point area and today 18 folks are at your back and call when you take laundry or dry cleaning there for attention. All kinds of dry cleaning and laundry equipment turns out the finest of work, it was pointed out by Mr. Cowart. The very latest machines do the work in modern fashion.

The new boiler is modern to the Nth degree—it even turns itself on in the morning—thus saving the proprietor the trouble of coming down early to turn it on and "get up steam" before the crew arrives. A small robot on the wall does all the necessary switching to see that everything is ready to run when the starting day begins.

"It won't be long until we are going to erect a new concrete block building to house all of our equipment," Mr. Cowart said. "We appreciate the patronage of the fine folks here and are going to do everything in our power to render even a better service in the future than we do at present."

## City Council Holds Routine Meeting

The Pahokee City Council at a meeting Monday night authorized City Attorney Ralph O. Johnson to draw up a bill re-defining the northeastern city limits of Pahokee, this bill to be presented at the next session of the State Legislature. Contrary to rumor in Canal Point yesterday this new bill will not take in any part of Canal Point, according to Ralph O. Johnson, city attorney. He said it merely straightens out some lines heretofore undefined.

Bids for the construction of a new sedimentation tank for the waterworks plant were opened at the meeting and turned over to City Engineer John T. Pickett for study. Pickett will report his recommendations at the next council meeting.

The group voted to establish a pension fund for the city's fire department employees. Mayor Lewis Friend, Fire Chief Marvin Lewis and Leo Maxwell were named trustees in charge of administering the pension fund.

A request that the city contribute \$300 to the fund being raised to publicize Palm Beach County at the National American Legion Convention in St. Louis, Mo., was referred to the Chamber of Commerce for consideration. City Clerk Dorothy Graham was authorized to purchase new office furniture for the city clerk's office.

## Fremd Steer First Meat In New Box

The installation of the new walk-in refrigerator at the Everglades Memorial Hospital has been completed and its first contents of importance will be the dressed meat of a 600-pound yearling steer, according to Harold Welzel, hospital administrator.

The steer is being donated by Albert Fremd, pioneer vegetable grower of Canal Point, who for the past year has served as chairman of the Northwestern Palm Beach County Public Hospital Board. Mr. Fremd is also president of the Canal Point Lions Club and a director of the Lake Okechobee Farmers Cooperative.

## Honor Roll With Honors Has Two Students On It

Only two students at Pahokee High School, Lynn Shirley of the twelfth grade and Sandra Adams, eighth grade, were placed on the school's honor roll with honors for making A's in all subjects during the third six weeks period of the current school year, according to Principal Clyde A. Canipe.

Students listed on the honor roll proper for making A's or B's in all subjects were Ann Atkins, Roberta Hutton and Pat Kumer, twelfth grade; Carol Carpenter, Alden Chase, Donna Jensen and Sarah Summers, eleventh grade; Betty Echols, Annette McIntosh and Dorothea Rushing, ninth grade; Joyce Cobb and Susan Johnson, seventh grade.

Those receiving honorable mention in scholastic work for making all A's or B's except for a C in just one subject were Thelma Vann, twelfth grade; Betty Bush, eleventh grade; Sadie Clifton, Judy Starling and Billie Nell Stokes, tenth grade; Evelyn Prince and Jan Chastain, ninth grade.

To be included on any of the three honor lists it was necessary for a student to make all A's or B's in citizenship, Canipe said.

## March Of Dimes Is Successful Drive

A total of \$1,122.69 was collected in the Pahokee-Canal Point area in the March of Dimes campaign, according to a report given by Mrs. Leonard Spooner at a luncheon meeting of the Pahokee Woman's Club in the clubhouse Tuesday.

Mrs. Spooner, reporting for Mrs. W. H. Jones, Jr., March of Dimes chairman for this area who was unable to attend the meeting, stated collections were from the following sources: Woman's Club collections at local theatres, \$242.98; mothers march sponsored by the Beta Sigma Phi Sorority, \$280.85; Pahokee Rotary Club, \$25; Canal Point Lions Club, \$23.13; Pahokee Elks Lodge, \$5; Pahokee Schools, \$15.10; local Carpenters Union, \$25; collection boxes at local stores, \$32.62; contributions from produce and business houses collected by Mrs. W. H. Jones, Jr., \$75.00.

Mrs. Don Hillier, president, announced a County Federation meeting will be held in Belle Glade on Mar. 18 and a District 10 Federation meeting will be held at Boynton Beach Feb. 19.

The Pahokee club voted to join other clubs in the State in the ceremony giving special recognition to and honoring Mrs. Dan McCarty at the State Federation meeting in April.

Guest speaker was Leonard Brown, III, instructor in English at Pahokee High School, who gave a talk on "Psychology as Related to Education in the Home."

Luncheon hostesses were Mrs. Clyde Alley, Mrs. Blake Dunson, Mrs. Mildred Schoepel, Mrs. Robert Apgelgren and Mrs. Miriam Dunlap.

## TALLAHASSEE

### Yesterday & Today

(By Jack Sutor)

One of the things the 1953 legislature is more than apt to do is to provide more adequate facilities for the insane at the Chattahoochee State Hospital. That prison facilities will also be looked into is a strong possibility.

That was the sense of a resolution offered at last fall's Tampa caucus of the State House of Representatives by Speaker B. Elliott. The resolution called on the capitol to hold up expansion of the capital center here in Tallahassee until the custodial facilities were improved. Members of the house backed Elliott 84 to 4 on the resolution. Following the caucus, Elliott fired some pretty sharp wires Tallahassee relative to the meaning and intent of the legislature. The lanky Pahokee cattleman is not blind to progress, but he likes to see it come with caution and balance, and he has spent considerable time on the behalf of constituents in need of mental care, so he is close to the situation.

Furthermore, he watches the taxpayer's dollar with a critical eye. That's a natural attitude because he is a self made man, who has had to make two blades of grass where only one grew before, literally.

The drive for more adequate facilities for the care of the state's insane gained added support when Representative Kenneth Ballinger of Leon spoke before the local chapter of the American Association of University Professors. Ballinger bore down on the inadequate care of the infant insane, as well as the whole problem.

He declared, "While Florida annually spends millions on desirable but unnecessary buildings for other agencies, it keeps its insane in pre-Civil War buildings which are so overcrowded that hundreds have to be retained in county jails."

His language was reminiscent of that of former Governor Millard Caldwell on the subject. During his term as governor, Caldwell had no reluctance about going into hostile political territory, and in a few well chosen words blaming the citizens who didn't want to pay taxes for the disgraceful Chattahoochee situation.

So with the legislature facing a bulging state treasury in April, it is a safe prediction to say that something will be done about the care of the insane in the next session.

## Cinematic Chatter

Hello everybody! Ruth Hussey is the only movie queen with an earned Bachelor of Philosophy degree, plus an honorary doctorate of fine arts. As competent an actress as ever faced the camera or footlight audience, she has managed to strike normal balance between her busy career and smoothly-running family life. When she visits her home town, Providence, R. I., as she did recently on a straw-hat tour in "Royal Family," the local citizenry from the Mayor down turn out to pay tribute to their accomplished native daughter. Known as one of the least temperamental stars in the film colony, the strikingly lovely actress received her training in summer stock and with little theatre groups. Her big break came when she was selected to play Kay, the society girl, in a road company of "Dead End." After appearing in every principal city across the nation, she was spotted by talent

scout Bill Grady at the Los Angeles Biltmore Theatre. The immediate result was a long term contract, and Ruth was well on her way. Her first film was, "Rich Man, Poor Girl." Lew Ayres was cast opposite her. After appearing in a great number of movies, she returned to the footlights in New York in the feminine lead in "State of the Union." The play won a Pulitzer Prize, ran two years and made Ruth a star of the first magnitude. Ruth has been happily married since 1942 to C. Robert Longenecker, ex-signal corps Captain and television executive. It is the first marriage for each and one of Hollywood's happiest alliances. They have two sons, Robbie, a husky lad of six years and Johnny aged four. See you at the movies—Mal.

## COUNTY GETS \$25,000

A sizeable chunk of state tax money was refunded to Palm Beach County this month according to a report Monday to the commission. Executive secretary R. B. McKee reported receipt of \$25,000 in racing taxes and gasoline tax refunds in the amounts of \$13,823 and \$7,835.

## Just a Little "Outdated"

Back in December we sent out our yearly calendar. It listed the last date for renewing drivers' licenses, and things like the dates for registering to vote, when the hunting and fishing seasons open — even suggested you note down the wife's birthday, too.

I figured dates like these were important to keep in mind — and this was a good way to do it. Unfortunately, it now turns out I never really paid close attention to my own calendar!

Not 'til today that is — so here I am not able to drive the car this

weekend until I get my driver's license renewed on Monday!

From where I sit, I guess good advice, like charity, should begin at home. I'm always advising all of you to worry less about your neighbors (what they do, or say, and whether or not they should enjoy a temperate glass of beer) and pay more attention to whether you yourself are doing the right thing. Guess I'll "make a note" to follow my own formula!

# aldrin

Aldrin—approved by agricultural authorities for control of certain soil pests—has established a fine record for wireworm control on sugar cane, corn and sweet potatoes.

Easy-to-use aldrin can be applied to soil in two ways:

1. Apply aldrin directly on the ground, as dust or spray, and harrow it in when preparing seed beds.
2. Have your supplier mix aldrin with your fertilizer and apply with conventional row treatment.

Using either method aldrin is applied in small amounts . . . it's economical. Aldrin gets other insects at the same time. It controls rootworm and other pests . . . is now approved for controlling wireworm on sweet potatoes.

Make your next crop a profitable one, free of wireworm and other destructive insects . . . use aldrin before planting. Your dealer will be glad to give additional information.

## Defense is your job, too!

**T**HIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over; the nightmare of war is behind them. These boys have seen far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U.S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

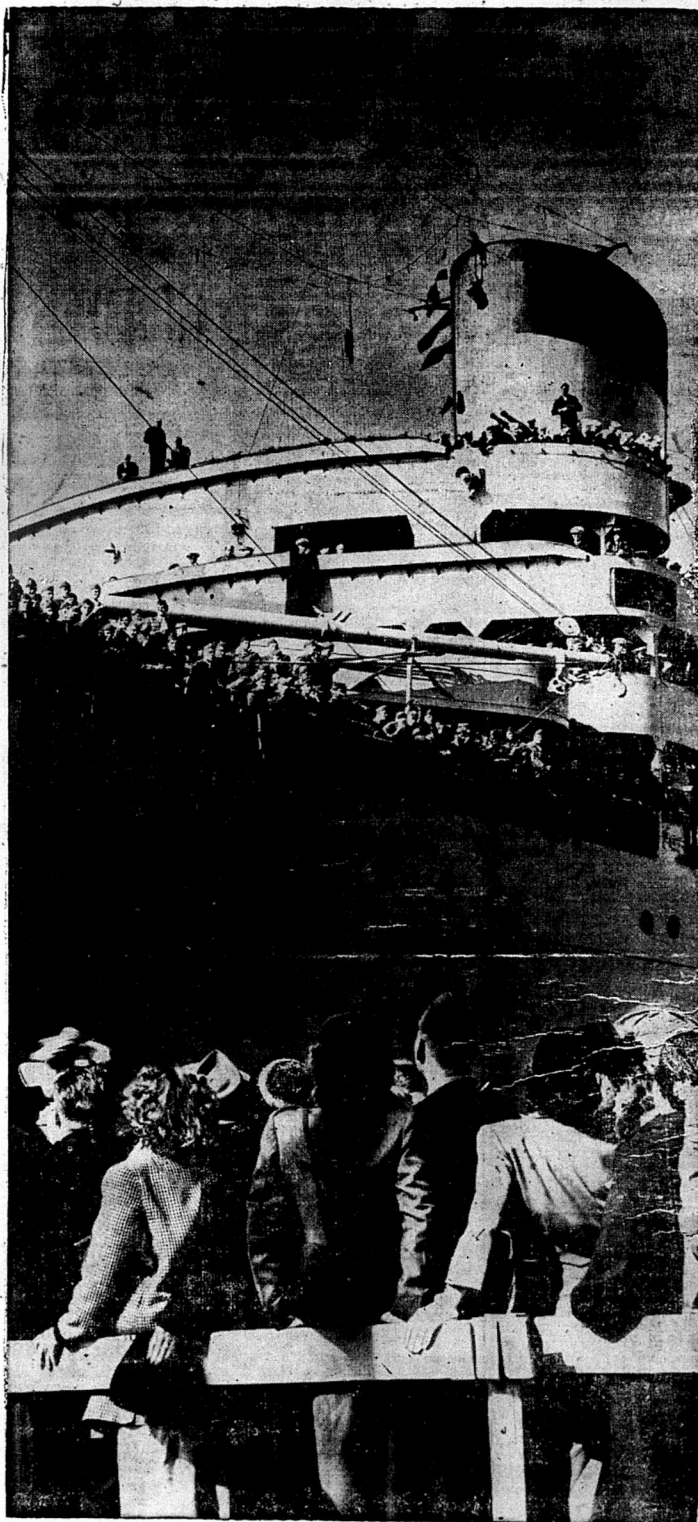

### The U.S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U.S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

# This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST  
10 EXTRA YEARS**

**A**LL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

## 3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K  
Defense Bonds pay 2.76% to 3%!*

### Christian Science Group Of Canal Point

That joy, freedom, and health result from the prayer of spiritual understanding is emphasized in the Lesson-Sermon entitled "SOUL" which will be read in all Christian Science churches next Sunday.

One of the Psalms (130:6) furnishes the Golden Text: "My soul waiteth for the Lord more than they that watch for the morning."

Jesus' admonition concerning prayer as found in Matthew (6:6) is one of the Bible selections: "When thou prayest, enter into thy closet, and when thou hast shut thy door, pray to the Father which is in secret; and thy Father which seeth in secret shall reward thee openly."

Among corresponding citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is this: "Prayer cannot change the Science of being, but it tends to bring us into harmony with it" (p. 2).
